## Thanksgiving Day

**T**HANKSGIVING DAY is as distinctly indigenous to America as is that bird which is so indissolubly connected with the commemoration of the season. A dinner in that day without the gobier or its mate would be no feast at all, though a hundred other viands were included in the menu.

Thanksgiving day, known nowhere else than in the United States, is of national institution, is of decided modern invention. President Lincoln, just 49 years ago, was moved by the great victories of Gettysburg, Vicksburg, and other points, these coming thick and fast after so many previous disasters, to designate a day in which the people of the entire nation might meet and render thanks to God. This first national Thanksgiving day was designed to be distinctly religious in its character, and the intent of the president was understood and carried out by the people. The churches of the cities and towns and villages were filled that day with fathers and mothers and sisters who offered grateful prayers to God for the victories won and for the preservation of their loved ones who moved daily amid scenes of imminent danger.

True, the Thanksgiving day idea dates back of this. The handful of Pilgrims in Massachusetts, in the year following their landing at Plymouth, in their church in obedience to the governor's proclamation to return thanks for a generous harvest. Intermittently thereafter for many years, and then regularly each year, the day was commemorated, spreading throughout the New England states. It did not reach New York state until 1821, and was regarded indifferently by many states until Lincoln gave it national standing.

Washington did make two Thanksgiving proclamations, but only at the suggestion of the congress. Two subsequent presidents flatly declined to issue such proclamations, insisting that the silence of the constitution as to religion forbade any such exercise of power by the chief executive.

Hence, it is within reason and right to say that Thanksgiving day, as a national festival, began in 1863, and was instituted by President Lincoln.

But by a rapid process of evolution the religious feature, which gave rise to the day, has been diminished. In larger cities but a limited number of churches open their doors for services, while in the smaller ones a single house of worship will conduct what is termed "union service" for all denominations. Usually there are many vacant pews in those churches that are open.

The day has developed into "home" day, one in which the loved ones meet with glad hearts, and doubtless thankful ones, too, and felicitate one another that it is as well with them as it is. Those who live at a distance, and those who are traveling upon the

road, turn their faces towards the home roof in advance of the coming of Thanksgiving day, that they of one blood may be together on that day, and spend the hours in recalling the past, so much of it as is pleasant. Or they engage in joyful songs, or innocent pastimes, all filled and thrilled with the goodness of life.

## SITUATION CRITICAL.

San Domingo Completely Invested by 4,000 Insurgents.

Whether or not the people are less religious than formerly does not enter into this discussion. There are 62 days in the year set apart for Sunday church observance, and the people by a sort of common consent have seen fit to spend this, the one day of the year, under their own vine and fig-tree, unobserved by callers, holding communion with those who are home of their bone and flesh of their flesh.

Surely there can be nothing in contravention of religion in the home sentiment, that is so marked a feature of Thanksgiving day. The home is here that youth receives its influences for good or ill. It is here that men are made or unmade. Can there be higher tribute to the benevolent influences of home life and the happiness of it than the modern universal practice in these states of every man and woman, with their children, making a "home-day" of Thanksgiving? May not the happy hearts and glad faces of these home gatherers be a pleasanter sight in God's eyes than the spectacle of long and solemn-faced couples going to church to sing solemn psalms. In any event one may not sacrifice any spirit of gratitude to the good God for His mercies because his heart is glad and warm in the surroundings of a loved and lovable home.

The Dominican government has appointed Minister of Foreign Relations Galvan and Judge George Gray of Delaware, as commissioners to arbitrate the Santo Domingo improvement matter, as the result of Minister Powell's determination to compel the carrying out of the terms of the protocol. Commissioner Galvan will leave for the United States to-morrow. It is possible that the insurgents may endeavor to capture him.

New York, Nov. 18.—The United States government has refused to recognize the blockade of San Dominican ports, made two days ago, and has protested against it. This was confirmed by Collector Stranahan, of the port of New York, Tuesday. The collector received telegraphic advices from the treasury department, advising him that the state department does not consider the blockade effective and has entered a vigorous protest against it. The collector, in conformity with his instructions, and the protest, has notified masters of vessels sailing to San Dominican ports that clearance papers will be issued for any ports in San Domingo, thus officially refuting the effectiveness of the blockade.

## FIFTY-EIGHTH CONGRESS.

### Extra Session.

Washington, Nov. 18.—Senate.—The following bills were introduced in the senate Thursday: By Senator McComas to establish the eight-hour day and also a bill creating a commission to inquire into the condition of the colored people of the United States; by Senator Hopkins, authorizing the taking of an agricultural census in 1905. Senator Allison appointed the following committee to reorganize the committee of the senate: Hale, chairman; Gallinger, Hansborough, Burrows, Foraker, Penrose, Foster, Welch, Quarles, Scott, Senator Clark introduced a bill appropriating \$50,000 for a suitable monument in Washington to Gen. Frederick William Steuben, of the revolutionary war.

House.—Representative Payne Thursday introduced in the house a bill making effective the Cuban reciprocity treaty. The measure was at once referred to the ways and means committee. Mr. Roberts (rep., Pa.) introduced a bill removing the tariff on bituminous coal containing less than 90 per cent of fixed carbon and also a bill removing the duty on hides. Representative Lovering (Mass.) introduced his bill of last session to make the currency responsive to the varying needs of business. The speaker announced the ways and means committee as follows: Republicans—Messrs. Payne (N. Y.), Dalzell (Pa.), Grosvenor (O.), Tawney (Miss.), McCullough (Cal.), Babcock (Wis.), Metcalf (Cal.), Hill (Col.), Boutelle (Ill.), Watson (Ind.), Curtis (Kan.). Democrats—Messrs. Williams (Miss.), Robertson (La.), Swanson (Va.), McCreary (Ky.), Cooper (Tex.), Clark (Mo.).

Washington, Nov. 11.—House.—The following other bills were introduced in the house Friday. Extending the privileges of national soldiers' homes to veterans of the confederacy; reducing letter postage to one cent; providing a penalty of ten years' imprisonment for the crime of train robbing and imprisoning for life for the crime of obstructing a passenger train; authorizing the secretary of treasury to reimburse governors of states for money expended by them toward the expenses of state troops mustered into the volunteer service during the war with Spain; authorizing the currency redeemable in bonds of the United States; providing for "post check money" of the denominations of \$1, \$4 and \$5.

House.—The house Monday made a fair start on the legislation for which it was convoked in special session, adopting a rule under which a vote will be taken at 4 o'clock Thursday afternoon on the bill to make the Cuban reciprocity treaty effective and setting up debate on the Cuban bill. The rule was adopted by a party vote with the exception that six republican members from Michigan and California joined the minority in opposition to the rule. The democrats opposed the rule on the ground that it was drastic and prevented a vote being taken on any amendment to the bill, while the six republican votes cast against it included opposition to the measure as antagonistic to beet sugar interests.

Mr. Gudger proposed a toast to a new Panama canal treaty, which was answered by Gen. Varen, who toasted President Roosevelt and the United States army with great cordiality.

During the ceremonies large crowds of people surrounded the palace of the government.

Colon, Nov. 18.—The commission from the republic of Panama met the commissioners from Colombia on board the Mayflower Tuesday.

During the conference Nicaragua, a brother of the governor of the state of Bolivar, who was the spokesman of the Colombians, made a strong appeal to the Panamanians not to disrupt the republic of Colombia, and he supplemented his appeal by the solemn assurance that Colombia would grant all the rights demanded by the Panamanians and eventually carry out their grand project of building the canal.

Replying to Senor Insignares, Senor Tomas Arias, representing the junta, said the Bogota government and the Colombians generally did not appear to grasp the actual conditions prevailing on the Isthmus. The resolution, Senor Arias said, was born absolutely of the unanimous desire of the entire people of Panama and was irrevocable. It was the act of a now independent government already thoroughly organized and formally recognized by the United States government in receiving its representative, Senor M. Philippe Bunau-Varilla, as well as by the governments of France and Italy.

Senor Arias said to them: "Colombia will always find in this country the most sincere brotherly feeling. The political ties binding the Isthmus to Colombia have been broken, but the tie fault is not that of the Isthmus. The ties of affection, however, can never be broken."

Senor Insignares, in answer, expressed his deep sorrow at finding that the hopes of reconciliation were impossible of realization and that the actions of the people of the Isthmus of Panama were irreconcilable. He declared that all the people of Colombia would unite in an effort to enforce the rights of the republic on the Isthmus of Panama even at the cost of great sacrifice.

## THE NEW REPUBLIC.

Br. Adm. Glass and Other Officials Call on the Junta.

A Military Band Played the "Star Spangled Banner" on the American's Arrival and on Departure.

Panama, Nov. 17.—Rr. Adm. Walker, who is practically President Roosevelt's representative on the isthmus, and Consul General Gudger, who is here to direct the relations of the United States with the de facto government, called at the palace at 2:30 o'clock Monday afternoon and in the name of the United States government paid their respects to the members of the junta. Rr. Adm. Walker presented a letter from President Roosevelt and there were mutual exchanges of good wishes. Otherwise the visit was quite informal.

The junta Monday appointed a commission composed of Senores Arias and Espinosa to proceed at once to Colon and confer on board the United States steamer Mayflower with the Colombians who arrived there Sunday night on what is understood to be a peace mission. The so-called peace commissioners are from the department of Bolivar, but it is not yet known whether they are authorized to represent the Bogota government or whether they came on behalf of the department of Bolivar to recognize the new republic.

Panama, Nov. 18.—At 8:30 Tuesday morning the flagship Marblehead hoisted the flag of the republic of Panama and saluted it with 21 guns. The Tre Kroner, a gunboat of Panama, displaying the American flag, answered the salute. The shore batteries also fired a salute of 21 guns, which the Marblehead answered.

At 10 a. m. Rr. Adm. Glass, Consul Gudger and Commander Phelps, accompanied by Lieuts. Phillips Andrew and S. W. Trellinwider, officially called on the junta. A military band played "The Star Spangled Banner" on the Americans' arrival at the palace and on their departure from that building.

They were received by the members of the junta and their staffs. Adm. Glass said he was glad to officially call upon the government of the republic of Panama. It had been a great pleasure for him to salute this morning the flag of the new republic, for whose prosperity and greatness he made the best wishes.

Senor Arango, a member of the junta, answered, saying that in the name of the junta and of the people of Panama he expressed sincere pleasure at the presence of the gallant fleet of the United States, "to whom the isthmus is deeply grateful for the hand of fellowship so generously and promptly extended to them by its great president."

### STANDARD TIME IS LEGAL.

Question of Insurance Payment Hinges on Court's Decision.

Louisville, Ky., Nov. 16.—Judge Gordon decided, in the case of two paint houses against an insurance company, that standard time is official by reason of usage. The insurance company claimed that solar time prevailed in Louisville when the contract for the policy was printed, and that this should determine whether "noon" solar time or "noon" standard time was meant. The plaintiffs' buildings caught fire on the day the insurance policy expired after "noon" solar time and before "noon" standard time. The policy read that it should be in force until "noon" without qualifying the expression further.

#### Many Since.

The first man that was ever killed in Breathitt county, says Queen Chapman, was Arch Hays. This occurred in 1857. I suppose that he and I. B. Combs had a difficulty over a piece of land on what is now known as the Big Branch, near the mouth of Quicksand. He and Combs fought with butcher knives and Combs was badly wounded, but recovered, but Hays died.

M. & M. Haggins are now prepared to furnish some fine pair, trios, or pens of pure bred Cornish Indian Game chickens, and White Pekin Ducks at reasonable prices. #### Lovers of Books

An effort is being put forth by the book lovers of Jackson to establish the Tabard Inn Library in our flourishing little city. We now have electric lights and will soon have good streets and water works; why not have a library. The Tabard Inn will be a beginning. The Tabard Inn libraries are no experiment. Since March 1902 many thousand of branch libraries have been established all over the country and thousands of books have been placed in the hands of many eager readers who otherwise would never have seen the volumes. The Company agrees to send an attractive book case containing 125 choice books. These are changed once or twice a month according to the location of the station. The Tabard Inn circulates only new books—the best that can be bought, in the best bindings, and as soon as they are published. The books embrace all classes of literature and if there are any books that members especially desire they can be procured. In order to introduce the library into Jackson fifty subscribers are necessary. The yearly fee is nominal—only \$1.50, and for every exchange of book there is a fee of five cents. At the end of the first year if the exchanges have been fairly good the \$1.50 membership fee will be discontinued. Are there not fifty people in Jackson who are willing to pay this nominal sum that the best literature of our time may be accessible? Those who would like to avail themselves of the privilege kindly hand your names to J. S. Head, Dr. Dickson, Capt. Pickard or M. L. Garton and if fifty names are secured the library will be opened.

#### Combination Offer.

# Nature's Greatest Cure for Men and Women

**Swamp-Root is the Most Perfect Healer and Natural Aid to the Kidneys, Liver and Bladder Ever Discovered.**

## "Swamp-Root Saved My Life."

A FARMER'S STRONG TESTIMONIAL.

I recently had a sample bottle of your kidney remedy, Swamp-Root. I had an awful pain in my back, over the kid-

**MR. T. S. APKER.**

neys, and had to urinate from four to seven times a night, often with smarting and burning. Brick dust would settle in the urine. I lost twenty pounds in two weeks and thought I would soon die. I took the first bottle of Swamp-Root in the evening at bed time, and was very much surprised to find it relieved but only that night, and the second bottle did away with all trouble. I have used three bottles of Swamp-Root and they are as well as ever.

I now take one dose working every day, and weigh 100 pounds; the work that I weighed before I was taken sick.

Gratefully yours,

T. S. APEK,  
Marsh Hill, Pa.

There comes a time to both men and women when sickness and poor health bring anxiety and trouble hard to bear; disappointment seems to follow every effort of physicians in our behalf, and remedies we try have little or no effect. In many such cases serious mistakes are made in doctoring, and not knowing what the disease is or what makes us sick. Kind nature seems to give us symptoms which are unmistakable evidence of danger, such as the frequent desire to urinate, scanty supply, scalding irritation, pain or dull ache in the back—they tell us in silence that our kid-

neys need doctoring. If neglected now, the disease advances until the face looks pale or sallow, puffy or dark circles under the eyes, feet swell, and sometimes the head acts badly.

There is nothing in knowing that Dr. Kilmer's Swamp-Root, the kidney, liver and bladder remedy, fulfills every wish in quickly relieving such troubles. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. In taking this wonderful new discovery Swamp-Root you afford natural help to nature, for Swamp-Root is the most perfect helper and gentle aid to the kidneys that has ever been discovered.

## Swamp-Root a Blessing to Women.

My kidneys and bladder gave me great trouble for over two months and I suffered untold misery

**MRS. E. AUSTIN.**

I became weak, emaciated and very much run down. I had great difficulty in retaining my urine, and was obliged to pass water very often. I have used three bottles of Swamp-Root and they are as well as ever.

"Two or three years."

"How does it happen I have never seen him in passing along the street?"

"That's because I have him leave the back yard," replied Mrs. Iraots, with emphasis.
